In handling the power cord, follow the instructions below. 

- | | |
|---|--|
| • Do not damage the power cord. | • Do not modify the power cord. |
| • Do not bend the power cord excessively. | • Do not twist the power cord. |
| • Do not heat the power cord. | • Do not pull the power cord. |
| • Do not bind the power cord. | • Do not stand on the power cord. |
| • Do not sandwich the power cord. | • Do not drive a nail into the power cord. |

If the power cord or power plug becomes damaged, stop using the machine immediately and ask your nearest dealer to replace the parts.

PRECAUTIONS FOR USE

WARNING

Be sure to consult an industry specialist when setting up, moving or transporting this product.

- This product should not be set up, moved or transported by any one other than an industry specialist.
- When installing this product, set the 4 leg levelers evenly on the floor and make sure that the product is installed stably in a horizontal position. Unstable installation may result in injury or accident.
- When installing this product, do not apply undue force on movable parts. Otherwise, injury and accident may result, or the product may be damaged.

The machine for indoor usage only does not install outside.

Do not set the game machine up near emergency exits.

Protect the game machine from:

- Rain or moisture.
- Direct sunlight.
- Direct heat from air-conditioning and heating equipment, etc..
- Hazardous flammable substances.
- Otherwise an accident or malfunction may result.

Do not place containers holding chemicals or water on or near the game machine.

Do not place objects near the ventilating holes.

Do not bend the power cord by force or place heavy objects on it.

Never plug or unplug the power cord with wet hands.

Never unplug the game machine by pulling the power cord.

CAUTION

Be sure to use indoor wiring within the specified voltage requirements. For extension cord, use the specified rating or more.

Be sure to use the attached power cord.

Never plug more than one cord at a time into the electrical receptacle.

Do not lay the power cord where people walk through.

Be sure to ground this product.

Do not exert excessive force when moving the machine.

For proper ventilation, keep the game machine 100mm(4") away from the walls.

Do not alter the system related dipswitch settings.

PRECAUTIONS FOR USE

WARNING

Be sure to turn OFF the main power switch and unplug the power cord from the receptacle before inspecting or cleaning the machine.

When replacing parts, be sure to use parts of the correct specifications. Never use parts other than the specified ones.

Opening inside the machine shall be done by machine specialist only as high electric current is being sent inside. For game machine with monitor, a care should be taken while opening its back door. If not, a damage to the inside parts or the monitor may occur.

If the sub power switch of the service panel is turned OFF without turning OFF the main power switch of the power supply unit, some parts in the units remain live. When opening the back door, be sure to turn OFF the main power switch and unplug the power cord from the receptacle.

Strictly refrain from disassembly and repair of parts which are not indicated in this manual, as well as settings and remodeling.

To clean the game machine, wipe it with a soft cloth dampened in a neutral detergent.

- Using thinner or other organic solvent or alcohol may decompose the material.
- Electrical shock or equipment failure could be caused by water entering the inside of the machine.

CAUTION

Components in the game are sensitive to vibrations and impact. Care should be used when moving and transporting the game machine.

Be sure not to let the machine tip over.

Before moving the machine, be sure to turn OFF the main power switch, unplug the power cord from the receptacle and remove the power cord from the machine.

Before moving take the machine, off the levelers and move it on the casters.

Avoid excessive force while moving the machine.

.....

PRECAUTIONS IN HANDLING

- When setting up, inspecting, maintaining, moving or transporting this product, follow the procedures and instructions set forth in this manual and perform such work safely.
- Do not set up, handle, inspect, maintain, move or transport this product under conditions equivalent to the condition of "WARNING" or "CAUTION" specified in this manual.
- If a new owner is to have this product as a result of transfer, etc., be sure to give this manual to the new owner.

2. INSTALLATION

- Need to have installation place.
Maintenance Zone & Play zone should have at least 1500mm x 1700mm each.
- Please do not install the equipment in the place where it is exposure to direct sunlight in order to avoid malfunction of sensor. Indoor intensity of illumination need to be 200lux~300Lux.

IMPORTANT

- Once you set up the machine with required game-play area, when installing this product, set the 4 leg levelers evenly on the floor and make sure that the product is installed stably in a horizontal position.
Otherwise the set winning percentage can be twisted.

PACKAGE REMOVAL

1

DOLPHIN PART

2

SEESAW PART

3

ELEVATOR PART

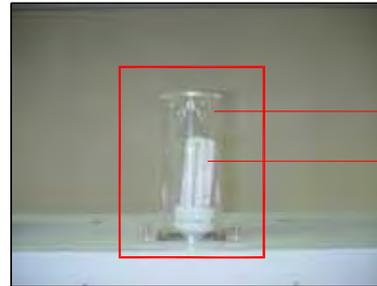

- 1 ~ 3 Remove package for each parts.

[How to installation]

1

2

3

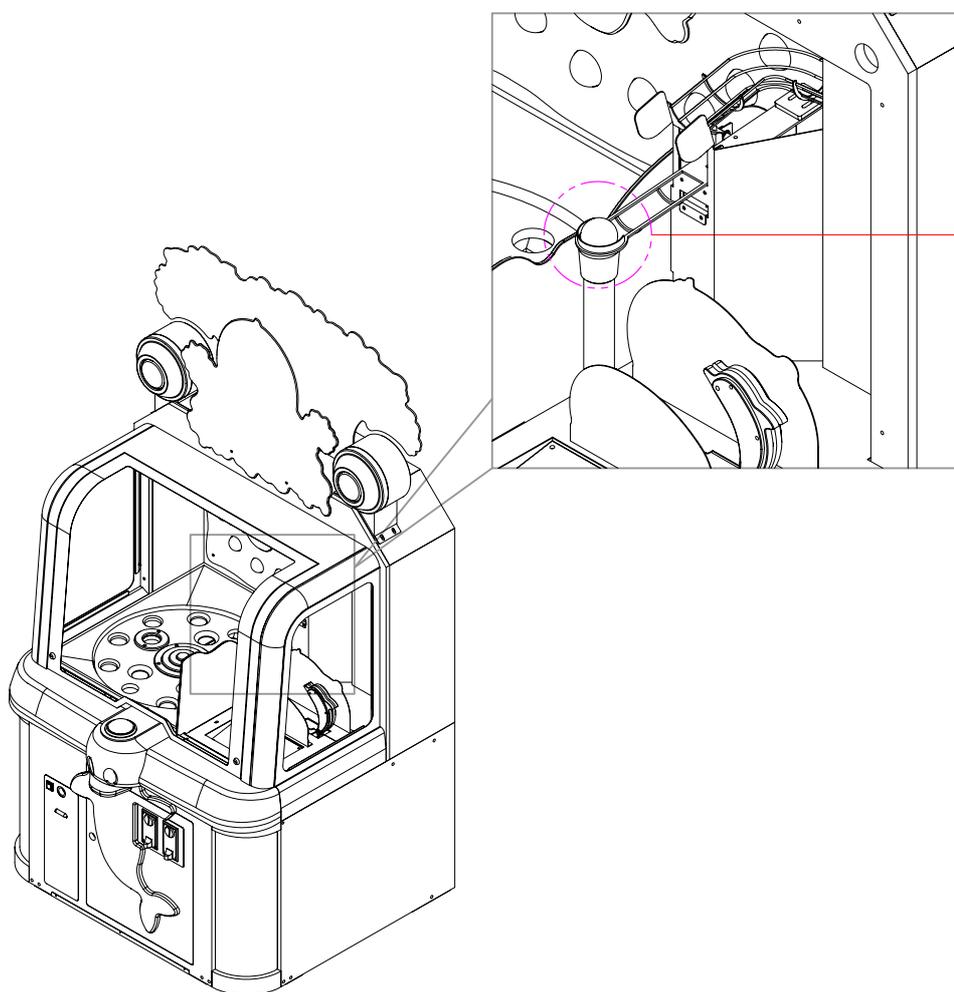

- The machine is shipped as Picture 1
- After connecting 3 wave-lamp in upper Billboard like picture 1, assemble "ACRYL COVER" 2 M4 Bolt [2개소]
- Assemble BILLBOARD FRONT and REAR ACRYL like picture 3 4 M6x20L [4개소]
- Both the ball to open the front door and pour Shin, turn it on.

3. CAUTIONS

3-1. Please use supplied ball only.

3-2. Do not wash ball with water.

3-3. Please be careful when "Ball loading bar" is (dis)assembled.

Maintained during
assembly CENTER

4. PRODUCT CHARACTER

- Family friendly ticket redemption game in the base cute dolphin theme.

4-1. FRIENDLY DOLPHIN THEME

- Mysterious dolphin theme which is familiar to all player make user to access to this game easily.

4-2. INTUITIONAL GAME

- Player easily learn that "dolphin hit a ball and it goed to a hole" at a glance. Every player gets any ticket without failure. Especially, this dolphin theme is friendly to child.

4-3. FABULOUS EFFECT OF SOUND & DISPLAYING

- Cheerful sound and magnificent lighting are given during playing. Also harmonious narration adds up to the musement.

4-4. INTERESTED BOUNCING BALL

- It gives more interesting for player to watch bouncing ball un-expected way. If you aim good and are lucky you may get a big ticket.

4-5. EXCITING SHOW TIME

- When ball goes into rainbow color hole, relevant ramp is lit up. You have a exciting show time when 7light lit up.

4-6. EXCITING SHOW TIME

- This show time avoids momotonous and repeated game and gives player game among the game with fabulous sound & lightning effect.

5. SET UP

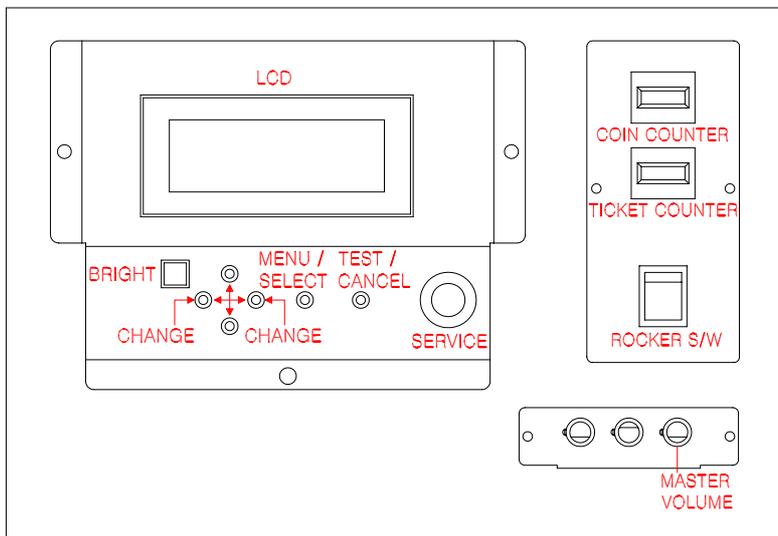

5-1. SETUP METHOD

(1) OPERATIONAL MODE

- 1 There is "Control panel" when you open front door.

PICTURE A

[CONTROL PANEL]

[View / Clear tickets during game]

- VIEW TICKETS : Press <- / -> button during playing.
- CLEAR TICKETS : When you press "SELECT" button during View tickets.

Dispensing ticket is temporarily stopped. Then you press "select" button again. It clear remained ticket(s).

[OPERATION MENU]

- Press **MENU** button [**SELECT** button : ACCESS]
- **SETUP MODE** : Set up mode
- **CLEAR MODE** : Clear mode
- **VIEW INT-DATA** : Check internal data
- **FACTORY-SETTING** : Factory initialization settings
- **GAME MODE** : Returning to game mode
